

SATURDAY		Behavioral Model of Vision	Examination of young children	Challenges of modern contactology	Responsible Control of Myopia	
time:	Plenary Hall	Workshop A	Workshop B	Workshop C	Workshop D	time:
08:00	Morning Coffe					08:00
09:00	Panel II. Toddlers and Preschool Children Moderators: Grzegorz Lewicki, Marcin Piosik Experts: Angela Howell, Brenda Montecalvo, Pilar Vergara, Wes deRosier 1. A new paradigm for the treatment of anisometropic amblyopia based on neuroscience 2. Tonicity, posture and breathing - how do they affect the vision process? 3. Integration of vision/auditory/kineshetic & proprioception for optimum child development 4. Visual disturbances caused by birth trauma, falls, blows and general diseases 5. How to guide parents in developing child's proper visual skills (180 min)	S1A. Ophthalmic pharmacology: key points for optometric practice Robert Grabowski Free workshop - registration: info@optometria2024.pl (90 min)	S1-2B. Teenager in the optometrist's office - contact lenses as a method of vision correction Justyna Kiermasz Free workshop - registration: info@optometria2024.pl (180 min)	S1C. Slit lamp without secrets Paulina Figura, Mateusz Świerad Free workshop - registration: info@optometria2024.pl (90 min)	S1D. Integrating RLRL into Clinical Practice: Protocols and case studies Simon Rose (90 min)	09:00
09:30		S2A. Ophthalmic pharmacology: key points for optometric practice Robert Grabowski Free workshop - registration: info@optometria2024.pl (90 min)		S2C. Patient in center of our interest, Patient Journal in contactology Paweł Wilanowski Free workshop - registration: info@optometria2024.pl (90 min)	S2D. Integrating RLRL into Clinical Practice: Protocols and case studies Simon Rose (90 min)	09:30
10:00						10:00
11:00						11:00
12:00	Lunch break					12:00
13:00	Panel I. Challenges of modern contactology Moderators: Dorota Szczęśna-Iskander, Patryk Mlyniuk Experts: Tomasz Suliński, Tomasz Krawczyk, Marek Skorupski 1. Market situation of contactology in Poland 2. True stories from patients 3. Another boring lecture about comfort in contact lenses? 4. More possibilities than patients - how to change it? 5. How to effectively develop your practice through contactology? (150 min)	S3A. Methods of assessing psychological and perceptual development Wes deRosier (90 min)	S3B. Tests recommended by the AAO for assessing vision in young children Angela Howell (90 min)	S3C. Prescribing lenses for optimum visual development Brenda Montecalvo (90 min)	S3D. Vision evaluation and rehabilitation in children with strabismus Pilar Vergara (90 min)	13:00
14:00						14:00
15:00						15:00
16:00	Coffe break					16:00
17:00	Panel II. Challenges of modern contactology Moderators: Dorota Szczęśna-Iskander, Patryk Mlyniuk Experts: Sylwia Kropacz-Sobkowiak, Marek Skorupski, Tomasz Tokarzewski, Paulina Figura, Justyna Kiermasz 1. How to achieve success in contactology? 2. Optometrist and patient – different expectations on each side? 3. Clinical changes - apply contact lenses, regenerate or send back? 4. Simple solutions to big visual challenges 5. Send the patient to an ophthalmologist or maybe treat it myself? (150 min)	S5A. How to evaluate and guide a tonicity, posture and breathing Wes deRosier (90 min)	S5B. Assessment and management of visual disturbances caused by birth trauma, falls, blows and general diseases Angela Howell (90 min)	S5C. Assessment of sensory integration and management for optimal child development Brenda Montecalvo (90 min)	S5D. A new paradigm for the treatment of anisometropic amblyopia Pilar Vergara (90 min)	17:00
18:00		S6A. How to evaluate and guide a tonicity, posture and breathing Wes deRosier (90 min)	S6B. Assessment and management of visual disturbances caused by birth trauma, falls, blows and general diseases Angela Howell (90 min)	S6C. Assessment of sensory integration and management for optimal child development Brenda Montecalvo (90 min)	S6D. A new paradigm for the treatment of anisometropic amblyopia Pilar Vergara (90 min)	18:00
19:00	END OF SECOND DAY OF CONFERENCE					19:00
20:00						20:00
21:00	Gala dinner					21:00
